Northwest Concrete Masonry Association Presents

STRUCTURAL MASONRY DESIGN WEBINAR

This newly updated three-session webinar will focus on the requirements of 2018 IBC Chapter 21 and the referenced material standard TMS 402/602. Both working stress and strength design of reinforced concrete masonry will be covered. Learn how to interpret and apply the building code through masonry building element design examples. Participants can earn continuing education credit.

**November 19**
4 - 6:30 pm Pacific Time
Masonry Materials
Code Overview
Beam Design
Anchor Bolts
